## TECHNICAL SKILLS

**Programming languages:** JavaScript, Python, C#, PHP, GraphQL, SQL, JSON, HTML, CSS.

**Frameworks & Libraries:** React, NEXT.JS, Svelte, NodeJS, ASP.NET, SASS, jQuery, TailWindCSS, Bootstrap, PostCSS.

**Developer tools:** Git, Docker, Terminal, Visual Studio, VS Code, MySQL Workbench, JetBrains IDEs.

**Design tools:** Figma, Photoshop, Illustrator, MindJourney.

**Other tools:** Office packages, npm, ChatGPT, Vercel, Render, Netlify, Sanity, Prismic, WireShark, and FileZilla.

**Database management systems:** MySQL, MariaDB, PostgreSQL, MongoDB.

**Operating systems:** macOS, Windows XP - Windows 11, Linux.

- Design and develop fully-responsive applications to enhance user experiences and achieve the desired result.
- Develop, write, test and debug code using object-oriented techniques to create efficient and organized code.
- Implement modern frameworks like React, NEXT.JS, and NodeJS to build scalable and efficient web applications.
- Create well-designed databases and manipulated their objects using SQL commands, ensuring data integrity.
- Design websites by creating responsive components, custom styles, and design systems, resulting in visually appealing and intuitive user interfaces.
- Work in an Agile environment to complete projects efficiently and on time.
- Communicate with team members and follow up with requests, feedback and concerns to increase productivity.

## ADDITIONAL QUALIFICATIONS

- Highly cooperative, empathetic, and respectful, excelling in a team environment, as demonstrated during 4+ years in various customer service roles.
- Strong drive for learning, adopting new technologies, and a natural aptitude for quick learning.
- Knowledge of efficient time-management strategies to schedule and complete tasks to deadlines, avoiding stress.
- Strong attention to detail and accuracy, ensuring high-quality work output and minimal errors.

**Languages:** English, French, Ukrainian, Russian.

## PROJECTS

### **MELNIK LAW**

ONGOING

Lawyer Personal Site

- Designed and developed a fully-responsive website for a lawyer, leveraging *NEXT.JS* 13 and *ReactJS* engines.
- Implemented dynamic routing to enable blog functionality, allowing for seamless navigation and content viewing.
- Connected to headless CMS via API to store, edit, and display content integration, ensuring efficient management.

## SMARTFACE

FEBRUARY 2023

AI Face Recognition App

- *ReactJS* web application with register/login functionality to enable face detection in images through AI technology.
- Communicated with *REST API* to detect faces in images, leveraging the power of AI to help users.
- Implemented secure data storage by leveraging *Node.js*, *Express.js*, and *PostgreSQL*, ensuring encrypted user information using *BCrypt*.

## STUDENT COURSES REGISTRATION

JANUARY 2023

C# Web Application

- Created a web application with the ability to add students, register them on courses and easily keep track of their grades using ASP.NET Web Core Framework, leveraging the power of session storage and implementing sorting.

## C# BANKING WEB APPLICATION

DECEMBER 2022

- Developed a banking web application using C# that allowed users to create customer accounts, deposit and withdraw funds, and view transaction history.

## WORK EXPERIENCE

### TEAM LEADER

2018 - 2023

Young Living Essential Oils | Ottawa, Ontario, Canada

- Designed, created and maintained the company website, promoting it with Ads and SEO to increase sales.
- Created and updated site and social media content according to best SMM practices to ensure effective communication and engagement with the target audience.
- Maintained customer relationships and found new ones by identifying needs through in-person consultations.
- Elevated international online sales from \$500 to \$5,000 monthly within two years.
- Using various CMS, analyzed user engagement, website traffic metrics, buying trends, market conditions and competitor actions to adjust strategies and achieve sales goals.
- Grew a team from 0 to 200+ loyal customers, fostering long-term partnerships and driving business growth.

### IT TECHNICIAN

2021 - 2022

UkrTechProm | Ukraine

- Maintained the company's network infrastructure, websites, and other internet applications, ensuring their smooth operation and functionality.
- Installed, configured, troubleshoot, and resolved laptop/desktop application and operating system issues, hardware issues, and network connectivity and/or resource issues, minimizing downtime.
- Provided end-user education on interacting with software and hardware, equipping individuals with the necessary skills to interact with software and hardware systems effectively.

## CERTIFICATIONS
